Bright Ideas Registration Form

Online Registration by Google form@ https://forms.gle/dHFoBTWsGiUiOuWaQ7

1. Name of the Participant: ..................................................................................................................

2. Position Held: ..................................................................................................................................

3. Affiliation: ...........................................................................................................................................

4. Address: ...................................................................................................................................................

5. Contact: ................................................................................................................................................

6. Office: ...................................................................................................................................................

7. Mobile: ..................................................................................................................................................

8. Email-ID: ............................................................................................................................................... 

9. Participants Category: Research Scholar/Student

10. Signature of the Participant: ..................................................................................................................

Place

Date

Organised by:
Chhattisgarh Renewable Energy Development Agency (CREDA),
Institute of Renewable Energy Technology & Management (IRETM) and
School of Studies in Electronics & Photonics, Pt. Ravishankar Shukla University, Raipur

in Collaboration with
Bureau of Energy Efficiency (BEE), Government of India

Forwaded by College/School

Bright Ideas Competition
Climate change poses a fundamental threat to planet that needs to be urgently addressed. To give a momentum to the global action climate change. The Bright Idea competition for the students will be conducted through poster contest and drawing competition to understand challenges of climate change but also provide solutions through innovation in energy conservation or adopting renewable energy. When we think about all the young minds out there concentrating on what it means to be energy efficient, it brings a smile. These youngsters are energy users, for sure, but they’re also the homeowners of tomorrow. It’s important for us as a help to students learn how to use energy in the smartest way. It’s good for them, good for their families, and good for the planet! We believe the answers to tomorrow’s energy challenges lie in young people ingenious. That’s why we invite students across Chattisgarh to imagine innovative solutions for energy scarcity of the future.

Bright Ideas is an idea competition for students for creating awareness of Energy Conservation. It is designed to give students from any discipline the opportunity to develop an idea, have it evaluated and win a prize! BRIGHT IDEA competition provides a platform to students where they come up with an Innovative Idea or a solution in the field of Energy Conservation or Renewable Energy through Poster contest or Painting competition. The Government of India set up Bureau of Energy Efficiency (BEE) with the primary objective of reducing energy intensity of the Indian economy. CREDA as a State Nodal Agency is organizing Awareness campaign through organizing Events and competitions in School & Colleges. Throughout the competition process, entrants can develop their innovative thinking and capabilities. Bright Ideas seek out innovative, exciting and inspiring ideas for recognition and potential development. All ideas are welcome which may also include scientific, technological, industrial and marketable ideas and projects in the field of Energy Conservation and Renewable Energy. This competition will support students to develop a range of skills including creativity, problem-solving, teamwork, and innovative-thinking. The competition has been designed to be flexible enough for entries to come from students and researchers who are interested to excel their career in the field of Energy Conservation and Renewable Energy.

About the Competition
Chhattisgarh Renewable Energy Development Agency (CREDA), Institute of Renewable Energy Technology & Management (IRETM) and School of Studies in Electronics & Photonics, Pt. Ravishankar Shukla University, Raipur along with Bureau of Energy Efficiency (BEE), Government of India are initiating an innovation drive with a motto to encourage students in India to come up with bright ideas to tackle modern world challenges such as clean and sustainable energy, environmental pollution and growing consumerism, etc. As part of this initiative, Bright Ideas Competition will provide a platform for the students and young researchers to share their innovative solutions through poster and painting competition. The competition brings the awareness in the students about the need of conserving energy but at the same time would educate and involve their parents as well in the above cause. Students can pick any one of the following: Theme topics:

1. Energy is life, Conserve it.
2. Saving Energy, a bright Idea.
6. Save Energy for others.
7. Less Energy Consumption, The more the money saving.

About Organisers
Chhattisgarh Renewable Energy Development Agency (CREDA) is a government nodal agency dealing everything in renewable energy & energy conservation. It is under the department of Energy, Govt. of Chhattisgarh. It carries out the renewable energy programmes in solar, biogas, biomass, hydropower etc. Institute of Renewable Energy Technology & Management (IRETM) is one of its kinds in central India region under Skill Development Mission of Govt. of India runs Bachelor of Vocation in Renewable Energy Technology & Management to cover diverse issue of solar, wind, biomass, geothermal and other renewable sources. School of Studies in Electronics & Photonics of Pt. Ravishankar Shukla University, Raipur recognized as one of the most prestigious Electronic Science Departments in the country, connects pure and basic science like physics or material science with applied sciences and engineering practices.

Candidates:
Competition seeks participation from students & researchers of different Institutes, Universities and Colleges.

Mode of Competition
1. Bright Idea Energy Conservation Student Poster Contest
2. Bright Idea Energy Conservation Student Speech Contest

How to Submit the Ideas?
Participants shall submit the ideas through e-mail to bicecre2020@gmail.com on or before 17th February 2020 in the following format:
Title of the idea
Category Name & Number
Name of the Author(s),
Institute,
E-mail for correspondence

or Registration by Google form® https://forms.gle/dHFoBTW5gSU0Wa07

Prizes for the Winners
• 1st Prizes worth Rs. 5000/-
• 2nd Prizes worth Rs. 3000/-
• 3rd Prizes worth Rs. 2000/-

Important Dates
Submission of the Idea: 17 February 2020
(Abstract: 350 words)
Confirmation of Selection of Idea: 20 February 2020
Bright Ideas Competition Programme: 24 February, 2020

Organizing Committee

Chief Patron
Prof. (Dr.) Keshari Lal Verma
Vice-Chancellor
Pt. Ravishankar Shukla University
Raipur, Chhattisgarh

Shri Alok Katiyar (IFS)
CEO
Chhattisgarh Renewable Energy Development Agency
VIP Road, Raipur, Chhattisgarh

Advisor
Prof. Girish Kant Pandey
Registrar
Pt. Ravishankar Shukla University
Raipur, Chhattisgarh

Shri Sanjeev Jain
Chief Engineer
CREDA, Raipur, Chhattisgarh

Shri Dinesh Awasthi
Superintending Engineer
Bio Diesel Plant, CREDA, Raipur, Chhattisgarh

Shri B. B. Tiwari
Executive Engineer
CREDA, Raipur, Chhattisgarh

Convenor
Dr. Sanjay Tiwari
Professor, Head & Coordinator
S.O.S. in Electronics & Photonics
Institute of IRETM
Pt. Ravishankar Shukla University, Raipur, Chhattisgarh
E-mail ID- bicecre2020@gmail.com

Members

Shri Vaibhav Dubey
Assistant Engineer
CREDA, RAIPUR
