Objective: The Ministry of Human Resource Development (MHRD) has launched a major and unique initiative of on-line professional development of higher educational faculty, using the Massive open online courses (MOOCs) platform, SWAYAM. Different discipline-specific National Resource Centre's (NRC's) have been identified for preparing on-line training material with focus on latest developments in the discipline, new emerging trends, pedagogical improvements and methodologies for transacting revised curriculum.

Under this initiative, all in-service teachers, will have an enabling opportunity to keep abreast of the latest developments in their disciplines, through the technology based on-line refresher course with salient features like, 40 hour Course module (20 hours of video content and 20 hours of non-video content); built-in assessment exercise and activities; on-line written examination after the completion of the Course; Certificate for successful candidates etc.

The proposed STC will apprise the participant of the significance and process of such courses. The participants will also be made familiar with the MOOCs and other e-learning platforms. The program would be very useful to young and aspiring faculties who are interested in developing e-resources as future venture as lined with NEP.
