"GENDER SENSITIZATION"

14th- 16thMarch 2022

The UGC-HRDC, PRSU, Raipur, Chhattisgarh is organizing an Online Short Term Programme (STP) on "GENDER SENSITIZATION" from 14th-16th March 2022.

Gender sensitization is by far the most effective and non-confrontationist approach of reforming the society. Gender sensitization is the process of changing the stereotype mind set of man and women, a mindset that strongly believes that men and women are unequal entities and hence have to function in different socio-economic space. Gender sensitization intends to change the perception that men and women have for each other. It creates mindset in men that no longer sees in women the stereotypical image.

The achievement of gender equality is very important in reaching the goals of sustainable development, such as good governance, human rights, environmental sustainability and poverty reduction. Women's empowerment is a means to promoting sustainable human development.

Gender sensitization implies accepting the basic rights associated with gender equality among all persons, and nondiscrimination towards those whose gender identity places them in a situation of disadvantage or vulnerability. Workshop on gender sensitization is required because it involves transformation of attitude & practices. Gender sensitization is a pillar of sustainable development. Gender equality concerns can be achieved by conducting various sensitization campaigning workshops etc.
