About the Speaker

School of studies in Electronics and Photonics organized Lecture on “Intellectual Property (IP) Management: An Overview” in collaboration with Institutional Innovative Council, Pt. Ravishankar Shukla University, Raipur. Ms. Megha Sahu, Guest Teaching Asst., SoS in Electronics & Photonics, IIC Member & Innovation Ambassador has delivered a lecture. The objective of the session was to make students aware of the importance of protecting innovative ideas, inventions, and creative works through proper IP rights. Ms. Megha provided detailed insights into various forms of Intellectual Property such as patents, copyrights, trademarks, designs, and trade secrets. The session also focused on the procedures for filing, maintaining, and managing IP, along with the role of IP in promoting research, innovation, and entrepreneurship. Students benefited by learning how to safeguard their original contributions, prevent infringement, and explore commercialization opportunities for their innovations. The lecture highlighted the ethical and legal aspects of IP management, encouraging students to respect intellectual contributions and develop an innovation-driven mindset. The event concluded with an interactive discussion where participants raised queries related to IP filing, protection, and commercialization. Overall, the session proved highly informative and motivated students to integrate IP awareness into their academic and research activities.

Conclusion:

Intellectual Property (IP) management plays a crucial role in fostering innovation, securing legal protection, and maximizing the commercial value of creative and intellectual assets. By effectively managing IP, organizations can gain a competitive edge, attract investment, and create new revenue streams through licensing or partnerships. It also helps prevent unauthorized use or infringement of innovations. As businesses become increasingly knowledge-driven, understanding and implementing strategic IP management is essential. Overall, effective IP management not only protects ideas but also transforms them into valuable business assets, contributing significantly to long-term growth, sustainability, and global competitiveness in today's fast-paced market.

Dr. Kavita Thakur
President, IIC PRSU
