About the Event

On 05th June 2025, the Institution's Innovation Council (IIC) PRSU, Raipur, has organized a tree plantation and awareness drive “ एक पेड़ नवाचार के नाम ” to mark the occasion of World Environment Day – 2025. This event was co-organized by NSS PRSU, S.o.S in Chemistry, S.o.S in Electronics & Photonics and IRETM.

The objective of promoting sustainability, linking innovation with green practices, and inspiring eco-friendly living benefits students and faculty by encouraging responsible environmental behavior and long-term awareness. It motivates individuals to think creatively about sustainable solutions while practicing them in real life. For students, it cultivates problem-solving, innovation, and leadership skills with a focus on ecological balance. For faculty, it offers opportunities to mentor and guide students in adopting green practices, fostering a culture of innovation and responsibility. Overall, it nurtures an environmentally conscious community dedicated to building a sustainable, innovative, and eco-friendly future. The event began with the plantation drive, planting sapplings by Prof. Sachchidanand Shukla, Hon'ble Vice Chancellor, PRSU & Patron of IIC PRSU, Prof. Kavita Thakur, President, IIC PRSU and the Head of the Department SoS in Electronics & Photonics, followed by the awareness program held at the C. V Raman Hall, S.o.S in Chemistry by the faculties of the department.

The plantation and awareness drive “ एक पेड़ नवाचार के नाम ” concluded with great success, leaving a positive impact on students and faculty. It strengthened the bond between innovation and sustainability while fostering eco-conscious values. The event served as a reminder that small collective actions can lead to a greener, innovative future.
