Alumni Association of S.o.S. in Biotechnology **Report on 7thAnnual Alumni Meet -2017**

The School of Studies in Biotechnology alumni association organized the 7th Annual Alumni Meet on **04 February 2017**, held at seminar hall, School of Studies in Biotechnology, Pt. R.S.U. Raipur, Chhattisgarh. With more than **100** registered alumni members, most association members are currently residing in Chhattisgarh. Outstanding participation of 25 registered members across the batches from 2004 to 2016 was there in this meet. It was giving us pleasure to see the mixture of alumni members and current M.Sc. batch's students. Many of our alumni members got married in recent years and have progressed in their personal lives. Many alumni are settled in reputed government and private jobs and hold good positions. After a formal welcome and greetings from the president of the association Dr. Ayesha Fatima. The program was addressed and motivated by the Prof. K. L. Tiwari, chief guest and founder faculty of this School. After the event, fall into series of sharing experiences, views, and emotions while enjoying tea and collations. In the program series, the issues of the 2nd volume of Newbioword magnizne, published by the Alumni Association.

The members shared their old memories and the status of their present life they are going through. An interaction session was held between the alumni and present students of the department. The students were curious to know about the job opportunities and carrier perspectives in the field of biotechnology. Eminent alumni addressed the suggestion and query session by different sectors. Dr. B. M. Lal suggested hard work for having a suitable carrier and offered educational help for the different public service exams, Dr. Shriram advised them for the competitive work in careers and Dr. Pramod Mahish mentored students for bright careers in academic as well as research. The research students also advised current students to actively encourage different competitive exams and preparations, and so on, Ms. Alka Kaushik and Ms. Gyan. The pictures and videos of newly constructed department left the alumni thrilled, leading the whole atmosphere filled with memories, discussions, and emotions, encouraging them to visit the department more frequently. Most of the events in this meet were informal, except the significant highlight of the meet, which was the formal discussion and interaction of the head of the department and convener of the alumni association, Dr. S.K. Jadhav with alumni. This meet was an encouraging and delightful experience that will help the alumni be in touch, share, and exchange views and ideas. In the last of the events, the previous days conducted friendly match and competitive events winner awarded by medals and certificate. The program has concluded with a vote of thanks from Dr. Nagendra Kumar Chandrawanshi, Secretary of the association, hoping to see more alumni in the upcoming events and alumni meets.

INVITATION

8th Alumni Meet

Dear Alumnus

Greetings from AAB

The association cordially invites the alumni for the 8th Alumni Meet on November 09th, 2019 (Saturday) at 11:30 a.m. to be held at Seminar Hall, School of Studies in Biotechnology, Pt. Ravishankar Shukla University, Raipur, (CG) India. This meet will provide the opportunity for the alumni of our department to share their experience to the upcoming generation. Moreover, gathering of ex-students at this meet would help in developing a strong network between the alumni and the current students.

Thus, This is my humble request on behalf of the Alumni Association to please join the association as an encouraging body as per rules and regulation of association. Other decision regarding our association will be made during the meet in your presence.

Your active participation and attendance in this meeting is highly appreciated.

The schedule is enclosed.

Thanking you very much.

9th Alumni (Online) Meet 2020-21

The 9th alumni meet of 2020-21; School of Studies in Biotechnology, held on 20th of August, 2021 was a mixture of, a meeting of long time friends, juniors learning from advice and experiences of their seniors, suggestions from alumni to improve the association.

The first virtual meet, began at 11 am led by Dr Shubra, who welcomed all the members present and gave a brief introduction on the foundation of the alumni association. The attendees were also informed that the overall lifetime members in this associated has been increased to 145.

The presidential address by Dr Ram Kunjam started by acknowledging Dr K.L. Tiwari sir, Professor and former Head, S.o.S. in Biotechnology, Pt RSU and Dr S.K. Jadhav, former Head and Professor, S.o.S. in Biotechnology, Pt RSU for laying the foundation of the department and the coalition with their hardwork and perseverance. He also expressed his gratitude towards Dr K.K. Sahu, Professor and Head, S.o.S. in Biotechnology, Pt RSU. The president congratulated all the newly selected Assistant Professors and also mentioned the significance of mock interview organized by the Alumni Association, as out of 93 candidates 47 were selected in different subjects of life-sciences.

Prof S.K. Jadhav also congratulated the selected Assistant Professors from the department and asked them to guide their juniors in achieving the same success they have achieved.

Prof K.K. Sahu also, spoke on two things, first being the much required guidance and second being the suggestions of alumni for the improvement of department.

Dr Neha Thakur talked about biotechnology opportunities at company, academies and industries. She also talked about PhD and Post doc from abroad. She also laid emphasis on Publishing papers during master's education, recommendation from alumni and working without fellowships.

Mrs. Anshika Pandey who completed her post graduation from the department in the year 2012 and is currently working as a Joint Collector, spoke about Civil Services as a second route of career for post graduate students and that's it is never too late to start studying for a completely different field if you are determined and ready to work hard. She also spoke about finding her roots in the department and how she looked up to Prof S.K. Jadhav for moral and academic support.

The next speaker for the day was Dr. Lal who is the first PhD scholar of the department of Biotechnology in 2008. She talked about how due to personal circumstances she completed her PhD in 2 and half years due to the lessons of discipline and hard work in the department of biotechnology from her guide Dr. K.L. Tiwari, Dr. S.K. Jadhav and all the other faculty members. She also spoke highly of Miss anshika as a student and also invited her to speak at her institute of work.

Mr. Bhavesh Vadiya who is currently serving as a manager at canara bank also spoke about focus and determination in no matter which field you choose. He also spoke on vaccination and current covid situations and the role of biotechnology and its students play in it. He also compared life to plant tissue culture as when we don't get results in plant tissue culture we never give up; failure in life should be dealt in the same way.

Mr Satish Ramteke, serving currently as a Nayab Tehsildar and has also qualified CGAPPSC in zoology with all over 7th rank. He said that even if a student is

unable to choose between two different fields at an earlier stage, he should always study and work hard in any subject they have chosen, because sooner or later the knowledge gained would come in use. As life is unpredictable and when they would want to change their field of profession is not certain.

Mr. Neeraj verma, who has done his post graduation in the year 2013, qualified NET exam 3 times, is currently pursuing his PhD from ICMR certified CDRI-Lucknow. He shed light on the efforts he has taken, books he has referred, and steps he has taken to qualify exams. He also talked about the healthy competition with his classmates during his time of M.Sc. which motivated him to work hard and improve in his studies. He also appreciated the teaching pattern of the department which aided him a lot.

Miss Ashita Parida, a student passed out in 2018 after doing M.Sc. is currently owner of a small mushroom business. She guided the students on how they can venture in the biotechnology business by doing a small research and creating a proposal about what they want to do, what the market demands, the financial aspects, and meet with a few experts before opening a new business. She also acknowledged the help she had received from each and every person of the department.

Miss Nisha Gupta a student passed out in the year 2019, is currently pursuing PhD in the department of S.o.S.in Biotechnology. She has qualified DBT-NET and SET after taking admission in the PhD program and thus talked about good work place environment, co-operative people and no shortcuts policy to achieve success.

The next speaker for the day was Mr. Ankush Kerketta, who has done M.Sc. and M.Phil in the year 2013 and 2014, a research scholar in the biotechnology department of NIT Raipur. He emphasized on PhD in technical institutes. He laid

out the steps via exams and interview to enter such institutions. He also talked about job opportunities like scientist B in DRDO and PhD after clearing GATE exam.

Dr Neha Behar and Dr. Samiksha Sharma also spoke on their experiences and guided the students. Mrs. Divya Shivhare spoke on importance of private industries as a career option as an alternative for government jobs. Other speakers were Dr. Rohini Nair and Dr Nikita Admane.

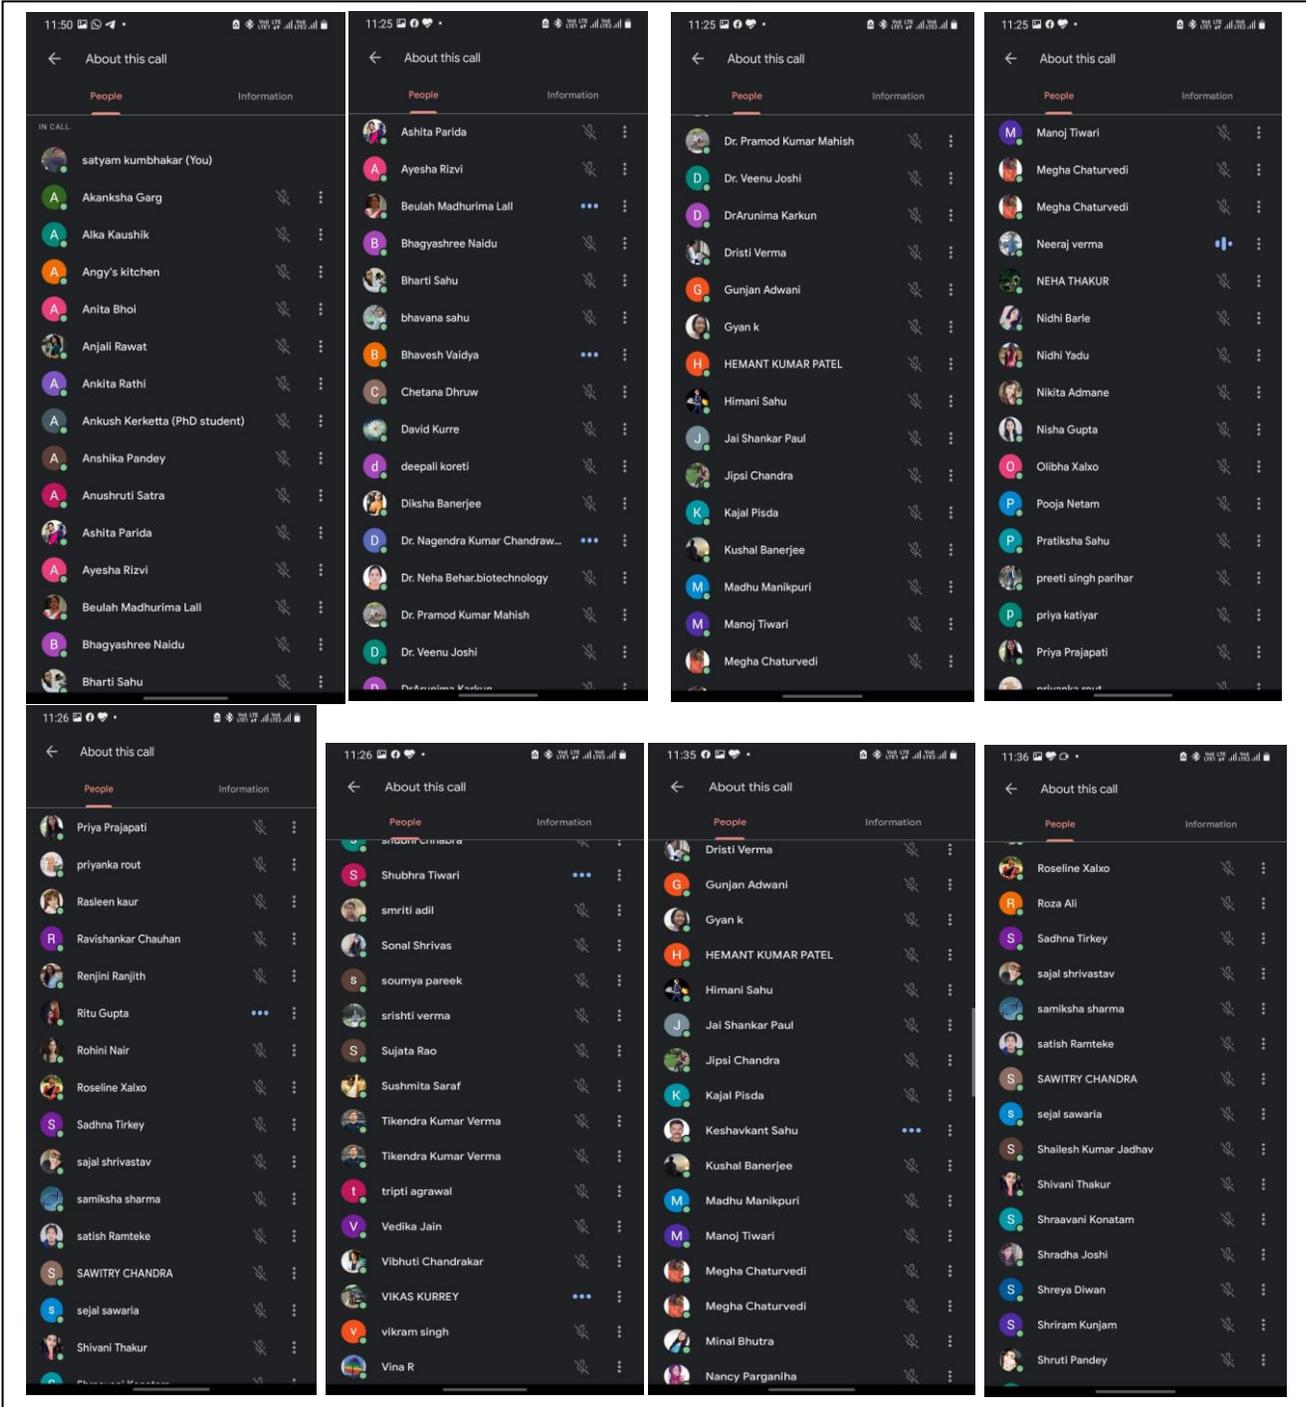

After the allotted speakers, any member who wanted to speak was given the stage. And, students from both semester of MSc were encouraged to ask any queries related to career opportunities and other.

After this, Alumni were asked to give valuable suggestions. Dr. Neha Behar began by saying that fund generation by alumni aids in NAAC grade upgradation. She also mentioned the need of placement by campus interviews and industries fueled by the alumni association. Dr. Veena Thakur also gave advice related to career guidance arranged by the alumni members. Dr. Pramod Mahish propositioned a yearly calendar listing all activities arranged by the alumni, for the alumni. Dr. Veenu Joshi suggested a visit of all MSc students to laboratories of different departments so that they are aware of all the research work going in the university, as well as instruments. Dr Ravishankar Chauhan pointed out that these alumni meet are much needed as alumni can recognize their juniors and can recommend them anywhere when needed. Mrs. Anshika Pandey mentioned the needed of a whatsapp group and facebook page for better communication between the alumni. Dr. Shriram Kunjam suggested an organization of awareness program in remote areas by the alumni.

At last, Prof K.K. Sahu discussed all the suggestions by the alumni and informed them about the funds the department is trying to generate for further improvement.

The alumnus meeting went on for two hours and was attended by more than eighty members. It ended on a high note after vote of thanks by Dr. Nagendra Chandrawanshi, secretary, alumni, S.o.S in Biotechnology, Pt RSU Raipur.
