4.1.3 Availability of general campus facilities and overall ambience-

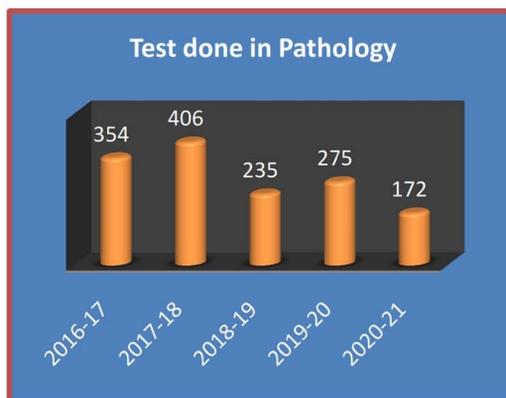

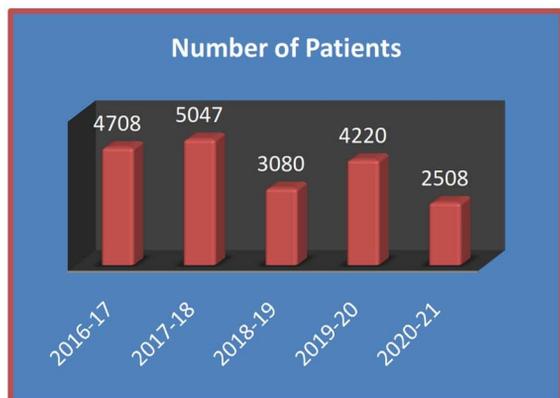

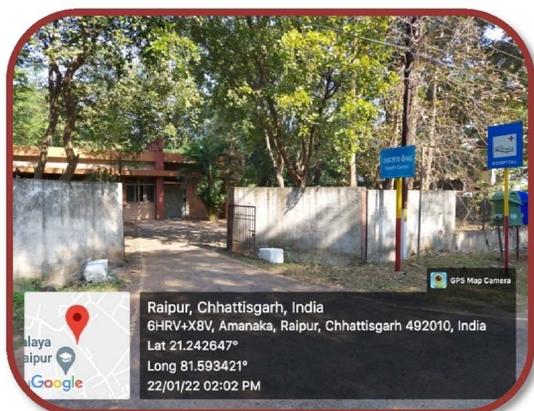

Utility Centre- Bank, Railway Reservation Counter, Post Office Stationary shop etc.

The utility centre of Pt. Ravishankar Shukla University has a fully functional branch of State Bank of India in the campus of the university. It caters to financial needs of employees of the university. The university has a railway reservation counter of South Eastern Central Railways in the campus. The railway reservation counter provides basic railway services to the university staff and general public. The University Campus has a post office which provides Postal services to students and staff of the University.

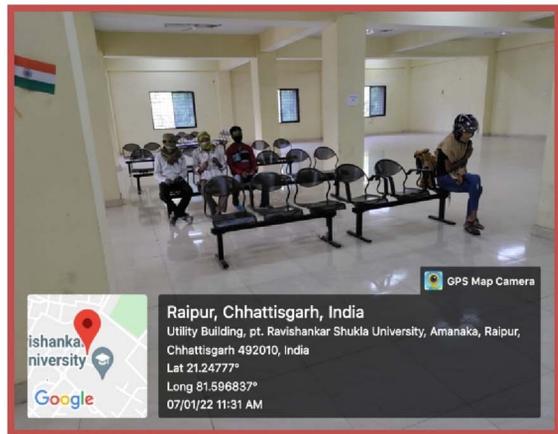

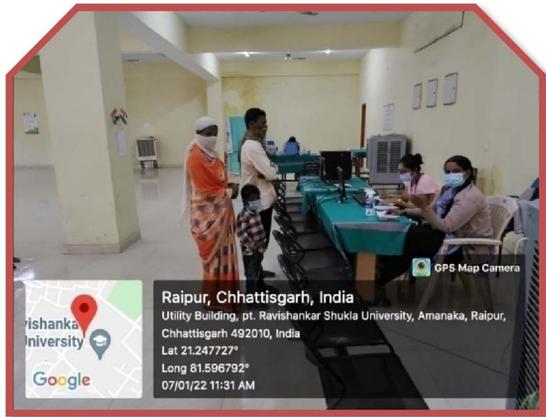

Health Centre

Health Centre of Pt. Ravishankar Shukla University caters to health requirements. Medical officer and Lady Medical officer are posted in university Health Centre for the students, teachers, officers and employees of the University, Medicines are also provided here free of cost. Health Camps are organized time to time. In the year since July 2016 to June 2021 total numbers of patients were 19563 and pathological tests were performed for 1442 patients. In this centre Lab Technician, Compounder, ANM, Peons and Sweepers are also posted for maintenance works. For outside patients Pathological lab and ECG is also available.

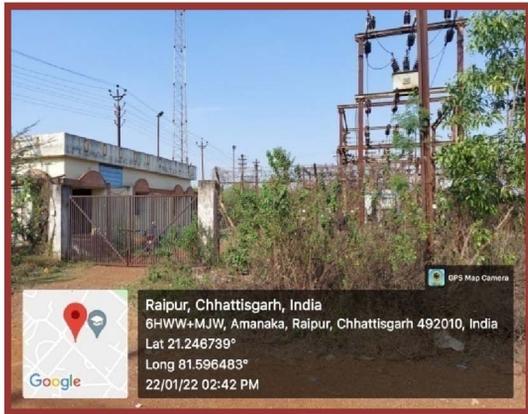

Vaccination Centre

Pt. Ravishankar Shukla University actively supported the State Government of Chhattisgarh during the Covid-19 Pandemic by providing a well equipped hall for extending vaccination facilities initiated by the State Government. The Vaccination centre catered to the vaccination needs of the staff of the university along with general public residing in the vicinity.

Power Station

The University has a power House to cater to power requirements of the university campus. The power supply in the university campus remained uninterrupted. For this Purpose a 33KVA Power house of NTPC IS located in the premises. Due to this, 24 hours electricity is supplied to the teacher and employees colony of the university. Due to continuous power supply even during the working days, teaching - learning and other administrative, academic, examination and work of confidential department are not hampered.

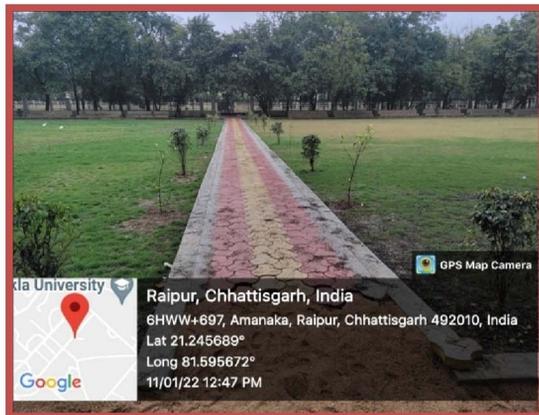

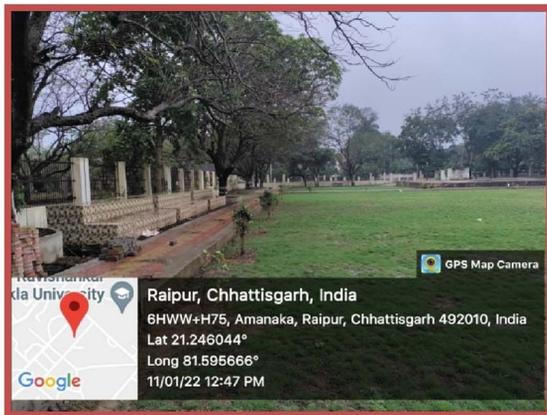

University Press

The university has its own well equipped Press which makes it self sufficient in printing the stationary of university related with administrative and confidential purposes.

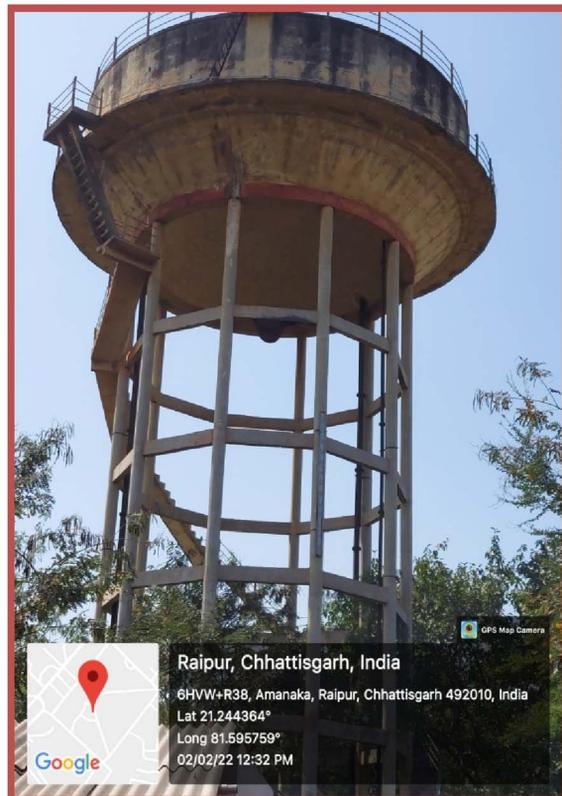

Morning Walk Track

The university campus believes in creating healthy work environment by developing facilities like morning walk track for students and staff.

Engineering Section, Pump House, Pond

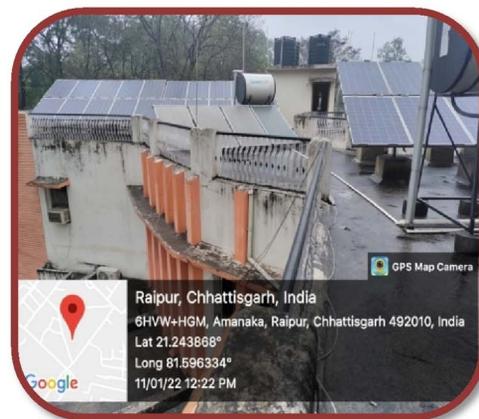

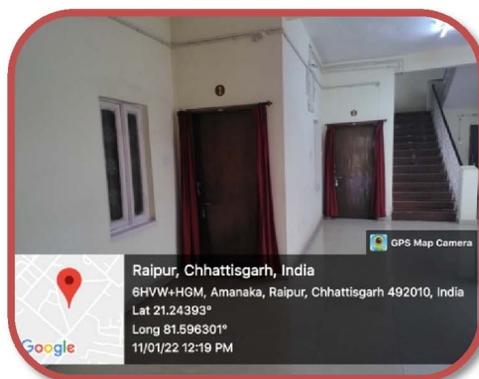

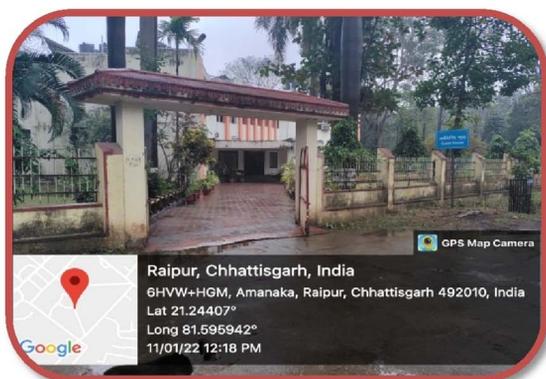

Engineering section is an important component of the administrative infrastructure of Pt. Ravishankar Shukla University. The section mainly works on all matters subject to the control of the Building Committee. The Building committee advises the Executive Council on all matters related to construction of buildings, repairs, alteration, additions to existing buildings, select and recommend site or acquisition, accord technical sanction to the plans and estimates, and expenditure. The composition of the Building Committee wherein members nominated for the period of two years, as per additional Statute 3 of the University Act is as below: Engineering Section of the University is responsible for Civil, Sanitation and Electrical works of the University. Pump house of the university caters to the water requirement of the teachers and staff quarters. The University also has an artificial pond which increases the serene beauty of the campus.

University Guest House

University Guest House has 13 AC rooms which includes 3 VIP rooms. In addition to that there are 10 non-AC dormitories in the guest house. The guest house is primarily meant for official guests of the Pt. Ravishankar Shukla University, Raipur and participants of seminars / workshops/ symposia / conferences and other educational programmes organised by the University / Departments as well as those sponsored by the UGC. It has a spacious dining room with in house catering facilities which is used for organising parties during academic and cultural events. Further the building also has an assembly of photo-voltaic cells mounted in a framework known as solar panel which uses solar energy to generate electricity.

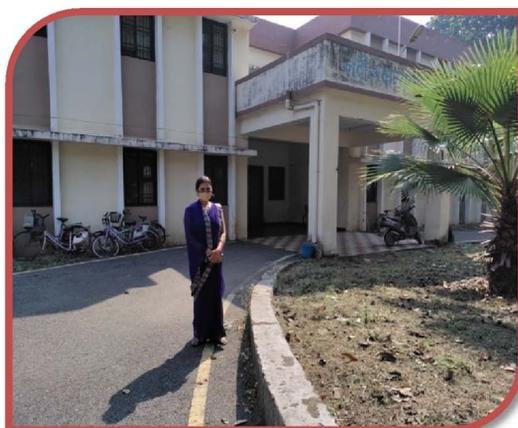

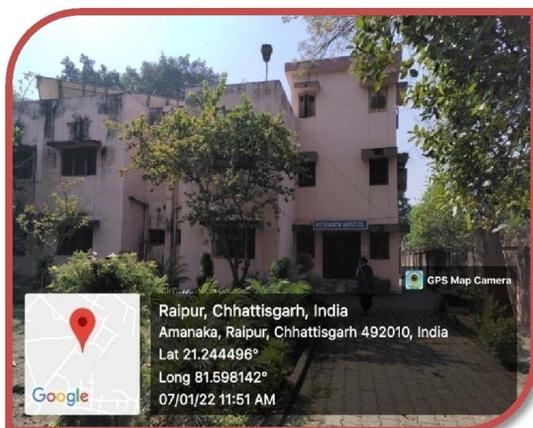

Guest house booking request can be sent to Prof. In charge of the guest house in advance. For booking VIP room's prior permission from the Vice-Chancellor of Pt. Ravishankar Shukla is required.

Girls Hostel

The University provides hostel facilities to its regular students. Only those students who live outside Raipur are eligible to take admission. In case of number of candidates exceeding the available seats then admission is given according to their percentage of marks.

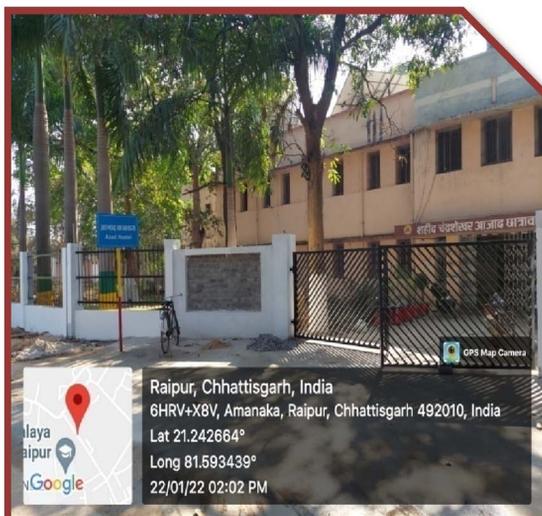

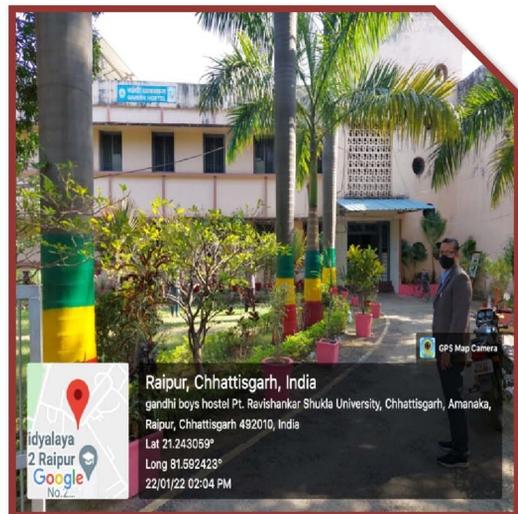

The University provides four hostels for girls. These hostels are located inside the university campus. **Girls Hostel-1** is being used by students of Post Graduation. **Girls Hostel-2** is being used by the Research Scholars and **Girls Hostel-3** is being used by the students who are pursuing some kind of professional courses. **Girls Hostel No. 4** is New Girls Hostel. This hostel will be used for Centre for Basic Sciences students. Further Solar panels are installed in the hostels to fulfil the electricity requirements. The hostel is being well maintained by the Hostel Staff. It has a disciplined environment, suitable for studying.

Boys Hostels

The University provides hostel facilities to its regular students. Only those students who live outside Raipur are eligible to take admission. In case of number of candidates exceeding the available seats then admission is given according to merit.

Currently, there are four hostels in the University Campus for boys, **Power Grid Hostel, GANDHI Hostel, Azad Hostel, and Research Boys Hostel.** The atmosphere of the hostel is simply marvellous. There is a proper cooperation and coordination among the residents. Mess is run by the students, which provides sumptuous meal. Students can study properly with happy mind and body in an atmosphere similar to their home. The major benefit of the hostel is that as it is situated within the University Campus there is no problem for the students to reach their respective Departments. And if they face any difficulty, they can discuss it with the Warden.

Residential Colony

The campus has residential quarters for Vice Chancellor, Registrar, teaching and non teaching staff.
